

★ WAYS TO HELP

Serving the Veteran community is at the heart of everything Stand Down does. They offer a variety of ways to help the Veteran community from purchasing a commemorative brick for the Wall of Pride at Village of Valor to attending the Annual Gala. Financial contributions help position the non-profit organization to continue to provide much needed services and support to the Veterans, active-duty service members and their families.

★ VETERANS' SERVICES

Stand Down is the premier provider of Veteran Services in Palm Beach County. They treat the seen and unseen wounds of the Veterans and their families by providing supportive services, financial services, mental health, housing and vocational services.

Stand Down is here to help at-risk Veterans and their families who may be struggling with PTSD, homelessness or seen or unseen wounds.

FIRST STOP EMPOWERMENT CENTER

The First Stop Empowerment Center and Vocational Training Center serves as a hub for Veterans services in Palm Beach County and provides prevention and early intervention for Veterans and their families.

This one-stop resource center assists displaced and at-risk Veterans and their families by providing case management services to assist Veterans with temporary financial assistance for rent, deposits, utilities, childcare, etc. In addition, case managers assist the Veteran in identifying and connecting to available resources and services.

Stand Down, an initiative of Faith Hope Love Charity, Inc., has been a leading provider of these services for Palm Beach County Veterans for over 28 years.

AT EASE

The objective of the At Ease program is to provide Veterans and their families that are displaced or at-risk with the services necessary that will lead to housing and financial sustainability.

Through the At Ease Program, Stand Down aims to improve the housing stability of very low-income Veterans in Palm Beach County.

This program offers Veterans and their families a variety of services from housing and childcare to financial assistance.

Additionally, the At Ease Program can provide:

- Housing counseling services
- Other supportive services such as: temporary financial assistance for rent and utilities, relocation and childcare services to help Veterans and Veteran families obtain permanent housing

STAND DOWN HOUSE

Stand Down House opened its doors in May of 2000 to provide emergency/transitional housing and supportive services for Veterans. Developed for and by Veterans as a multi-tiered program for those struggling with PTSD, mental health and other physical limitations who have fallen into disparity as a result of their struggle.

Stand Down wrap-around services include:

- Personalized care plans with life skills management
- Individual sessions with licensed psychologist
- Psychoeducational groups
- Onsite peer-to-peer support groups
- Access to VA Medical Center treatment programs
- Job training and placement programs
- Financial literacy workshops

FORWARD MARCH

Putting Veterans Back To Work Is The #1 Goal

The Forward March program provides services to assist in reintegrating Veterans into meaningful employment within the labor force and stimulates the development of effective service delivery systems that will address the complex problems facing Veterans.

Forward March provides outreach and case management services to Include:

- Vocational counseling
- Employment and training services
- Educational assistance
- Personal financial planning
- Transportation assistance
- Income support services
- Legal services
- Childcare services

VILLAGE OF VALOR COMING SPRING OF 2023

The Village of Valor will be a community where our Veterans and their families can achieve their full potential.

This community will be far more than a standard housing complex. Village of Valor will be a community that promotes an environment where residents receive encouragement, support, and services to improve the quality of their lives. A place where Veterans can achieve their full potential. The services of this community will be coordinated to provide an integrated approach to stabilization, education, and successful realization of goals, which begins by using the Housing First Model.

Housing First is based on the idea that a household's primary need is stable, secure housing. Once this is achieved, other issues which affect the household can be better addressed. The second element incorporates supportive services and education into the daily lives of the residents, in such areas as health, nutrition and fitness along with opportunities for social interaction. The third component focuses on completing the transformation with vocational and financial training toward the goal of moving onto financial self-sufficiency and eventual home ownership.

The Village of Valor will be a community which fosters hope and supports Veterans and their families with services and education to build a solid foundation from which they can grow and succeed.

Visit VillageOfValor.org to view the available sponsorships and naming opportunities.
